"A Christmas Carol" is an episode of the British science fiction television programme Doctor Who. It is the sixth Doctor Who Christmas special since the programme's revival in 2005, and was broadcast on 25 December 2010 on both BBC One and BBC America, making it the first episode to premiere on the same day in both the United Kingdom and United States. I had never watched "Doctor Who," and never felt any inclination to do so until I discovered "his" version of Charles Dickens' "A Christmas Carol." The Eleventh Doctor (Matt Smith) continues his thrilling adventures through time and space in this collection of specials, beginning with his first - 2010's "A Christmas Carol."
