

Download How To Remove Logo From Yeti Cup

Gently score (scratch) the label. Do not put scratches too close. Then get a can of WD40 and spray the label. Make sure something is under the cooler so as the WD40 runs down it will get on the "something" and not ruin your floor, better yet do it outside. Q. I had a YETI tumbler cup personalized with a company logo. The cup appears to be brushed stainless steel and the logo looks frosted. The company that put the logo on the cup said they lightly sand blasted over a stencil to form the pattern. How can I safely remove the sandblasted logo withoutRemove stick residue after decal removal. ... Best Mouse Trap Ever, How To Make Bucket Mouse Trap - Duration: 10:59. Does anyone know of a way to remove the advertizer's logo imprint on a coffee cup? I have 2 cups, and love the base colors, but would like to get rid of the company logos on them.
