While this wasn't a terrible movie; I'd even give it 3.5 Stars if I could, however it certainly wasn't a great movie. My biggest reason was for the portrayal of the characters. For the record, I've read Gatsby at least every other year since I was 17, so, believe me when I say I have been counting down the days and minutes until the new movie opened. All about the men's clothing of The Great Gatsby movie and Brooks Brothers suit collection & evening wear including more than 30 pictures.
