In Chinese mythology Shennong taught humans the use of the plow together with other aspects of basic agriculture, the use of medicinal plants, and was a god of the burning wind (perhaps in some relationship to the Yan Emperor mythos and/or slash-and-burn agriculture, in which the ash produced by fire fertilizes the fields). Emperor Jimmu (????, Jinmu-tenn?) was the first Emperor of Japan, according to legend. His accession is traditionally dated as 660 BC. Jeremiah Coogan Divine Truth, Presence, and Power: Christian Books in Roman North Africa The rhetorical significance of sacred books in the North African controversy between Caecilianists and Donatists remains under-explained. The divine right of kings, was a political and religious doctrine. It meant that a monarch was given the right to rule by God alone. His authority could not be questioned because he ruled in God's name.
